

A New Campvention 2010 Activity

By Ken & Sandy Kendall

A new activity was included in Campvention 2010. Motorcycle rides were held in Berrien Springs on Monday morning and Wednesday afternoon. Ten bikes on Monday and nine bikes on Tuesday made the two hour journey. Michigan has beautiful lake-front roads and countryside lanes to ride on. On day one everyone was given a bullseye to tape on their windshield. The bike that had a bug splatter the closest to the target received a prize. Day one was uneventful as far as road kill so it was continued to Wednesday. Winners were Bob Parker and Keith Woolworth.

A variety of bikes were included. Honda, Harley Davidson, Yamaha, BMW and Can-Am owners all joined in the fun. Riders from six states were in attendance: Carol and Bing Bowen from Connecticut, Roger and Linda Anderson from Colorado, Steve and Marcia Witmer, Ken and Sandy Kendall from Nebraska, Keith and Mitzi Woolworth, Ron Woolworth, Jackie Woolworth, Pete and Samie-Jo Schaub from Michigan, Jerry, Barbara and Petals Lambert from North Carolina and Bob and Jan Parker from Iowa.

Everyone agreed this was a great addition to the Campvention activities and we should plan to do so again in Ladson, South Carolina in 2011. So start making plans to bring your bike to Campvention.

A big thank you to Ron and Jackie Woolworth, Keith and Mitzi Woolworth for their dedication in mapping out the rides. You did an excellent job.

If you have any questions or comments please contact us. We look forward to even more participation in the future.
