TEEN PROGRAM

INTRODUCTION:

The following rules and guidelines apply to the National Teen Program. Those included in this manual have been selected to help you as Field directors guide those members to whom you have been assigned. More complete rules and guidelines are available from your State/Provincial Directors and Teen Directors. Additional questions may be addressed to the National Teen Directors.

The rules and guidelines in the manual are National rules only and may differ from State/Provincial contest rules.

TEENAGE CHAPTERS:

General Policy:

The purpose of teen chapters is to see our teenagers become better campers, better citizens and have more fun in FCRV by forming chapters and youth groups. The following is a list of three different types of teen chapters, something about them and how to form them.

- A. State/Provincial Association - This chapter includes all teenagers whose parents belong to your state/provincial association. The main reason for this type of group is to include teens who normally would be in areas too small to organize in some type activity, and to help in planning teen projects on a state/provincial wide basis including Campventions, litter surveys, etc.
- B. Area Chapters - When there are several teen chapters in the area, they may join together to make an area teen chapter. There must be two adult couples who will act as sponsors and they must be from different chapters.
- C. Local Chapters - When a chapter has enough teenagers in it they can form a teen chapter. There must be one adult couple acting as a sponsor.

In all the above chapters, the parents must be active FCRV members or the teen must be a FCRV member himself or herself. To form these clubs, the teens must do the following: elect officers, adopt a constitution for their chapter, secure sponsors, contact with the local field director or the state teen director for a chapter application.

Charters issued to teen chapters are on a formality basis and are not to be interpreted as would an adult chapter under FCRV. In all cases, adult advisors to teen chapters are appointed and served at the pleasure of the adult chapter president.

To be valid a card must be stamped by the National Teen Directors and contain a picture of the teen named on the face of the card. The National Teen Directors, State/Provincial Teen Directors, State/Provincial Directors or any persons designated by them to issue cards, may issue cards. States/Provinces can provide their own lamination or the cards can be laminated at the Campvention for a fee to defray costs. Host teen committee without valid proof of birth date (birth certificate, driver's license) will not issue regular teen cards.

NOTE: Campvention guest cards will be issued to guests of FCRV members. Guest cards will also be issued to FCRV members without valid proof of birth date. Guest cards are valid for the duration of the National Campvention, entitling the holder to ALL Teen Activities EXCEPT for competitive sports. Teens wishing to play competitive sports should contact their state/provincial teen director prior to the Campvention to insure their eligibility or buy a membership.

NATIONAL CAMPVENTION TEEN DIRECTOR POLICY

The National Teen Directors will be responsible for setting the following guidelines.

It is fully realized that problems may arise prior to and during the National Campvention. Problems prior to the Campvention should be promptly addressed to the National Teen Directors so that the problem areas may be resolved prior to the Campvention. Problems arising during the Campvention will be brought to the attention of the National Teen Directors and Campvention Host Chairman for solutions.

Problems will be resolved jointly between the National Teen Directors and the Chairman of the Teen Activities for the host teen committee and Campvention Host Chairman.

In the event the National Teen Directors are unable to attend the Campvention, they may appoint someone to act on their behalf.

NATIONAL CAMPVENTION TEEN POLICY

The Teen Program at the National Campvention is the highlight of the year for our teenage FCRV members. Each year, for many it is the "first time" to attend and associate with many teens of like interest. Those who have attended previously look forward to this eventful time of year for the renewal of friendships and the programmed events awaiting them.

Every effort should be exerted to provide our teens an enjoyable, full week of activity. That our Teen Queens have a feeling of being Queen, and above all, to set an example for fairness, honesty and good sportsmanship — which will enable them to grow into FCRV adults of tomorrow and become future leaders in our organization that we will be proud of.

All funds required for teen activities stated herein will be provided from Campvention funds. These guidelines are set forth in an effort to accomplish these goals.

NATIONAL CAMPVENTION TEEN PROGRAM

With the present size of our Campvention, the teen program at the National Campvention must be conducted with as much planning and attention as the adult program.

Teen Area

- A. The area must be large enough to provide plenty of dance space. In addition, an area for teens not dancing should be provided with seating available. Bathroom facilities must be provided in the immediate area. Refreshments should be made available. Arcade games have proven a success in the past and may also be provided in the area.
- B. The area used for evening dances should be paved if possible and have a stage area for the band.
- C. A good high fidelity, high wattage PA system should be provided for paging and emergency announcements.
- D. If a building is not available, a large circus type tent will provide coverage in case of rain and to give the area of feeling of being a "teen area".
- E. A band or DJ can be scheduled each night, Saturday through Wednesday nights, the Wednesday night ball being the "The Teen Royalty Ball". The top band should be scheduled for the Wednesday night dance. The dances will close each night at 12:00 midnight.
- F. Curfew for all teens will be 1:00 a.m. and they must be in their camp area or with their parents or guardian at that time.

Security

The National Campvention is not open to the public and security guards are used at main gates. In order to prevent non-FCRV teens from "crashing" or entering the teen area, the following security measures will be followed:

- A. Evening Dance Area — The area set aside for the evening dance will be completely fenced with control of the gate (or entrance) areas. Fencing can be of the temporary "snow" fence type or a permanent chain-link type fence. The gate area will have no less than three adults controlling the entry and exit of the teens at each gate. Electric lighting will be provided over the gate area. Lighting of the dance area will be sufficient to be able to identify people in the area, and to allow chaperones to be able to see in all areas. Coke machines set up in the dance area will provide some lighting and give the effect of regular lights. Lighting in all areas should be adequate to permit the patrol around the "edges" to discourage improper behavior of any type.
- B. Chaperones - Approximately ten chaperones will be provided for the evening dances. Older key teens of the host region can be used to assist the chaperones. These teens should report problems to an adult chaperone - in order to prevent the teen reporting from being involved with other teens in the problem.
- C. Drinks (Intoxicants) — Blankets, sleeping bags and other bulky items carried into the dance for sitting on the ground should be checked for having contents other than the label indicates.
- D. Drugs - At the discretion of the Campvention Host Chairman and the Teen Activities Chairman for the host teen committee, Federal narcotics agents may be called on to attend all teen activities. Their identity should be limited to those with direct responsibility for the teen program. Any suspicion of drugs should be brought to the agent's attention.
- E. Identification - The teens will gain entry into the dance by use of an identification that will be provided. Registration can be at the teen center during the day upon proper identification. Teen ID cards issued at this time will include a picture of the teen. Applicant must provide picture.
- F. Teen Problems — Teens involved in disciplinary action should immediately be turned over to security for return to their parents. The parents should be required to return to the teen area with the teen immediately after the problem for discussion with the teen chairman of the host state/province. This system has been used at National Campvention and has been very effective. Teen should be allowed to return to the dance if the offense is of a minor nature.
- G. Areas Adjacent to Dance Floor - These surrounding areas should be chaperoned also to insure against the use of improper drinks, drugs, and/or improper conduct.
- H. Dress - Dress for the evening teen dances (except the Teen Royalty Ball on Wednesday night) may be sports attire, i.e. shorts (boys and girls), pant suit, blue jeans, etc. Efforts should be made to discourage skimpy wear on girls and boys must wear shirts either pullover or button down.

Royal Ball

A Royal Ball will honor the new Teen King & Queen on Wednesday night. This will be the highlight dance of the Campvention.

Each state/provincial teen queen will be introduced at the dance during the early part of the evening. They will be introduced after the introduction of the new Teen King and Queen and their courts. The Chairman for the teen activities and the National Teen Directors will introduce the teen royalty and assist them in the preliminary lineup before introduction. After all royalty has been introduced, the Sports chairman will present the award to the winning states/provinces for the sports competitions.

Every effort should be made by the host teen committee to provide appropriate decorations, seating for the teen queen and her court, and any other arrangements to make this dance "special".

The following guidelines detail the first four dances and what they will be:

1. First dance - Teen King and his Escort & Teen Queen and her Escort
2. Royal Court and their Escorts
3. All Teen Kings & Queens and their Escorts
4. Queens and their Fathers and King and their Mothers

Dress code for the Royal Ball will be as follows:

- A. Girls will wear dresses, evening gowns, pant suits, shorts, skirts (mid thigh length), and polozzo pants, dress shoes, dress boots, newer or clean, tied athletic shoes. No bare midriffs, mini skirts, shorts, or short shorts, T-shirts, tube or tank tops, blue denim jeans, or sloppy, dirty, untied athletic shoes will be acceptable.
- B. Boys will wear suits, tuxedos, sport jackets, dress shirts and ties, slacks, dress shoes, dress boots, and newer or clean, tied athletic shoes. No T-shirts, tank tops, muscle shirts, shorts or cutoffs, blue denim jeans, or sloppy, dirty, untied athletic shoes will be acceptable.

Chaperones shall follow the same dress code as the teens.

The National Teen Directors and the reigning Miss FCRV and FCRV Teen King prior to the finals in the Teen Royalty Pageant (or their representatives) conduct the Miss Congeniality and Mr. Personality Contest.

The contest is one of the most important contests to be conducted in the FCRV event. random ranked order (by name and number only) and such listing handed in a sealed envelope to the Master of Ceremonies at the evening program. The National Teen Directors will supply the corresponding name and state/provincial information in a sealed envelope for opening at the time of tally by the Chairman of Judges and the National Teen Directors.

From the time the judging begins at the Teen Royalty Tea, to the final announcement, any time a judge leaves the judging area the scoring pad used by that judge will be placed in a security envelope and handed to the National Teen Directors or the delegated representative. No change shall be made in the player's relative positions or the alternation or rotation of service because of the change in playing areas.

At the beginning of a game, players shall take their respective positions, according to the order given the scorekeeper. Line-up may be changed for each new game (provided the changed line-up is recorded with the scorekeeper and the opposing coach).

The server shall serve from within the serving area which is behind the rear right outside court line, extending ten (10) feet toward the center from the corner, and other players at the time of service shall

be in their respective playing areas. A player shall not serve out of turn. A serve shall be made by hitting the ball with hand, fist or arm, and the ball going over the net into the opponents area; it touches the floor (ground) of servers area or a teammate of the server, passes under the net, crossed the net entirely outside the sideline markers, or hits the top of the net. On service the opposing team may not attack the ball at the net.

The ball must be clearly hit. When in the opinion of the official, the ball visibly comes to rest at contact, a foul has been committed. Flat hand hits are therefore so classified. A player shall not contact any part of the net or its support while ball is in play, nor may any part of the player's body cross the centerline. A player may not reach over the net in returning the ball. A ball may be played from the net. When only part of the ball crosses the net and the opponent contacts it, it is considered as having crossed the net.

A player shall not make successive contacts of the ball. A team shall not play the ball more than three times before it crosses the net to enter the opponent's area. In case of simultaneous contacts by the opponents, the player behind the direction of the ball is considered to have touched it last, the team whose side of the net the ball falls is allowed three plays of the ball. If after simultaneous contact the ball falls and touches within the limits of a team's court area, the team on that side is at fault. Only the front line may block, no backline player may make an attempt to intercept a ball coming over the net or prevent it from doing so by placing one or both hands above his head, while in a position close to the net.

A game shall be won by the team that has scored at least 25 points with a two (2) point lead. The rest period between games of a match shall be five (5) minutes. TIME OUT shall not exceed thirty (30) seconds and a team is allowed two (2) time-outs each game, without penalty.

A ball in play becomes dead if it touches the floor (ground) of the court, goes out of bounds or referee/umpire blows a whistle to stop play.

Scoring will be rally fashion.

A team may not have more than twelve (12) SUBSTITUTIONS during any one game. Substitution must be made from the game list provided to the scorekeeper. A player may enter the same game not more than three (3) times, and re-entry must be made in the same position as first played.

UNSPORTSMANLIKE CONDUCT: shall not be allowed, stamping feet or shouting at opponent about to serve or at opponents in the act of playing the ball. From the beginning to the end of the match, referee shall have power to warn, declare side out or point. He may disqualify for the game or

match, any player, substitutes, coach or manager who commits, in the referee's opinion gross violations of unsportsmanship. Such as persistently addressing the officials on decisions, making derogatory remarks about or to the officials, committing acts derogatory to officials or making personal or derogatory remarks about or to opponents, including audible comment or visible display derogatory to the game. A warning shall be given first with a penalty on repetition of act.

A POINT SHALL BE SCORED for serving team when opponents commit a foul or when opponents fail to return the ball legally to serving team's court.

Side out shall be declared and ball given to opponents to serve when serving team commits a foul or fails to return ball legally to opponent team's court.

Rotation shall be made each time the team obtains the serve other than the first turn of the game.

FCRV TEEN SOFTBALL

These are adaptations of basic softball rules, any not shown herein shall follow Official ASA Slow Pitch rules. FCRV adaptations are underlined. Only a coach or manager may request a conference with the umpire and only one per team may take part in the conference.

TEAM: A team shall consist of ten members, including two (2) females and a ten person batting line-up showing order, position and players name shall be given to the umpire, scorekeeper and opposing manager for each game player. Substitution may be made from original 20 person roster. A team shall not consist of more than twenty playing members, including four (4) females minimum with two (2) in play at all times. Substitution must be registered with the scorekeeper, umpire and opposing coach prior to entry into the game. Any substitution made without prior announcement as stated shall result in penalty to the offending team. Any illegal substitution of a player not on the original roster will result in forfeiture of game to the offending team. Substitutes are considered official when:

- A. If batter takes place in batter's box.
- B. If fielder takes place in fielder's position.
- C. If runner, upon replacing person at base.
- D. If pitcher, upon taking place on pitcher's plate. Pitcher must complete pitching to one batter before being changed. Any other player may be changed at any time. A player removed shall not participate in the game again, except as base coach.

FIELD: The field if possible shall be a regulation size softball diamond with a 42-foot minimum pitching distance. Coaches box is behind a line 15 feet long, drawn outside the diamond, parallel to and 8 feet from first and third baseline, extended from the based toward home plate. Home plate, pitchers plate and three bases will be marked with distinguishable markers, easily observed by umpires and all players; constructed of material safe to the players. The softball shall be regulation size, be designated RF (restricted flight) and weight seven ounces. The bat may be wood or metal, but must be designated softball only and not altered. Catchers must wear a mask behind the plate. No

player may wear metal cleats or spikes or play barefoot.

GAME: The game shall consist of five innings. A full five innings need not be played if the team second to bat has scored more runs than the first team to bat in the fifth inning. In event of inclement weather or umpires decision to stop the game, the team ahead at the end of the fourth inning shall be considered victorious. (These provisions do not apply to any acts on the part of players that might have called for forfeiture of the game.) Additional innings may be used to break ties at the end of the fifth inning. Teams may score a maximum of 8 runs per inning; not applicable to last inning. After three innings the game may be called if a team has a 20+ run advantage (Mercy Rule decision to be made by umpire and coaches). Fatigue time-outs may be called in temperatures of 85 degrees or more at the discretion of the umpire and EMT for the safety of the players.

The choice of first or last at bat in the first inning shall be decided by the toss of a coin.

FORFEITURE: Forfeiture of the game to the non-offending team shall be declared when:

- A. A team fails to show up on the field with ten members, including two females within ten minutes after the starting game time.
- B. An attack on the umpire by any team member, coach, spectator.
- C. Vulgar language or gestures are used by any member of the team or it's Coach or Manager.
- D. Any action continued about which the team has been warned (i.e. interference, unnecessary roughness).

An Out shall be called as a penalty when:

- Batting order is not followed properly.
- Substitution is not registered with the scorekeeper, umpires and opposing team coach prior to entry into the game.
- Upon offensive team members interfering with a player attempting to field a foul or fly ball.
- Upon one or more members of the offensive team standing or collecting at or around a base to which a baserunner is advancing, thereby confusing the fielders.
- Upon a runner, after being declared out, interfering with defensive players' opportunity to make a play on another runner (closest to home runner will be out).
- Upon coach near third base running in direction of home plate on or near the baseline while a fielder is attempting to make a play on a batted or thrown ball.
- Upon a coach intentionally interfering with a thrown ball (closest to home runner will be out).

A Ball shall be called as a penalty when:

- Defensive player takes a position in the batter's line of vision, or defensive player, with a deliberate unsportsmanship intent, acts in a matter to distract the batter (calls to batter to swing or calls to batter that batter can't hit).

A Walk shall be called as a penalty when:

- Upon coach/manager of defensive team calling time or committing any other act during

- ball being played for obvious purpose of distracting batter.
- Substitution into defensive line-up made without prior notice to scorekeeper.
- Upon warning, deliberate unsportsmanship is repeated, verbal or by gestures.

A Pitch shall not be called when coach or manager of offensive team calls time or commits any other act for obvious purpose of distracting pitcher.

A Run shall not be scored if third out of inning is the result of the batter being put out before legally touching first base: or if baserunner forced out due to batter becoming baserunner; baserunner leaving base before pitched ball has been struck and hit.

PITCHER: Shall take a position with both feet firmly on the ground and in contact with, but not off the side of, the pitcher's plate. His/her arm must come to rest holding the ball in front of the body, with a foot in contact with pitcher's plate. Foot must remain in contact with plate until pitched ball leaves the hand. The ball must be delivered at a moderate speed underhand, below the hip, with a perceptible arch from the time it leaves the pitcher's hand of a least three feet before the ball reaches home plate. The umpire shall warn a pitcher who, in his judgment, delivers a pitch with excessive speed. If the pitcher repeats such fast pitch after warning, he/she shall be removed from the pitcher's position for the remainder of the game. No tape or other substance shall be allowed upon the ball, pitching hand or fingers.

At the beginning of each inning, or when a pitcher relieves another, no more than one (1) minute may be used to deliver not more than five (5) balls to catcher or other teammate.

There shall be only one conference between manager/coach with each and every pitcher in an inning. The pitcher informing the umpire of the intentional walk may call for an intentional walk.

CATCHER: Must wear mask while behind plate and must be in and remain within the boundaries of catcher's box until pitch is released. Catcher returns ball directly to pitcher after each pitch except after a strike out or putout made by catcher.

BATTER: Must come to bat in order in which name appears on score sheet within one (1) minute of umpire calling play ball, and must not switch batting sides when pitcher is in pitching position. The first batter of each inning shall be the batter whose name follows that of the last player who completed a turn at bat in the preceding inning. The batter shall not hinder the catcher from fielding or throwing the ball by stepping out of the batter's box or intentionally hinder the catcher while standing within the batter's box, or he shall be deemed out.

STRIKE is called by the umpire:

- For each legally pitched ball entering the strike zone (space over any part of home plate which is between the batter's highest shoulder and his knees, when batter assumed his natural stance) before touching the ground and at which batter does not swing. It is not a strike if the pitched ball touches home plate and is not swung at.
- For each pitched ball struck at and missed by batter.

- For each foul tip which does not attain the height of five (5) feet above batter's head before being caught and held by catcher.
- For each pitched ball struck at and missed which touches any part of the batter, or when any part of the batter's person is hit with his own batted ball when he is in batter's box.

BALL is called by the umpire:

- For each pitched ball which does not enter the strike zone or touches the ground before reaching home plate, or touches home plate and which is not struck by batter.
- For each illegally pitched ball.
- When a delivered ball by the pitcher hits the batter outside of strike zone.

OUT is called on batter:

- When foul tip goes five (5) feet above batter's head and is caught by catcher.
- When the third strike is struck at and missed and touches any part of the batter's person.
- When a fly ball is legally caught.
- Immediately when he hits an in-field fly with baserunners on first and second, or on first, second and third with less than two (2) out (in-field fly rule).
- When a third strike is called, including an uncaught foul ball that is hit after two (2) strikes.
- When he bunts or chops the ball downward.
- When a foul fly is caught by a fielder within the field of play as determined by the umpire before the start of game.

BASE RUNNING:

The baserunners must touch bases in legal order.. first, second, third, home. When a baserunner must return while ball is in play, he must touch the bases in reverse order.

When a baserunner acquires the right to a base by touching it before being put out, he is entitled to hold the base until he has legally touched the next base in order, or is forced to vacate it for a succeeding baserunner. Two baserunners may not occupy the same base simultaneously. No runner may return to touch a missed base or one he left illegally after a following runner has scored or return to touch a missed base once he enters his team area.

The batter becomes a baserunner as soon as he hits a fair ball, after four (4) balls have been called by the umpire or walked by penalty call. Other baserunners remain on current base unless walk forces advancement.

A batter is advanced to first base when catcher or any other fielder interferes with or prevents him from striking at pitched ball.

Base runners are entitled to advance within liability to be put out under the following circumstances:

- When a ball is over thrown into fair or foul territory and not blocked.
- When ball is batted into fair territory.
- When legally caught fly ball is first touched.

(Sliding will be permissible when the consideration of safety to baseman or runner shows that either baseman or runner could sustain injury.)

A baserunner must return to his base:

- When a foul ball is called.
- When a batter or baserunner is called out for interference.
- When any part of batter's person is touched by pitched ball, swung at and missed.
- When a pitched ball hits a batter.

Under no condition is runner permitted to STEAL a base. He may NOT LEAVE BASE until pitched ball has been hit.

BATTER-BASE RUNNER IS OUT:

- When after fair ball is hit, he is legally touched with the ball before he touches first base or ball is held by the fielder touching first base with any part of his person before batter/baserunner touches first base.
- When fly ball is caught.
- When he fails to proceed to first base after fair ball hit or base on balls called.
- When he runs outside the three (3) foot line and in umpire's opinion interferes with the fielder making throw at first base, or interferes with play at home plate in an attempt to prevent an obvious out at plate, the runner is also out.

BASE RUNNER NOT OUT:

- When the batter-base runner overruns first base after touching it safely and returns directly to the base.
- When hit by batted ball when touching base, unless intentionally interfering with ball or fielder making play.

They should wear some identification, either vests or shirts of an outstanding color, they should inspect playing field, boundaries and equipment and clarify all ground rules to both teams and their coaches. Each umpire shall have the right to make decisions on violations committed any time during playing time or during suspension of play until game is over. If more than one umpire, neither has the authority to set aside or question decisions made by the other within the limits of their respective duties as outlined in these rules. They should be fully conversant with the FCRV SLOW PITCH SOFTBALL RULES for teenage sports competition and should have in their possession a set of said rules and access to the Official ASA Slow Pitch Rules.

The umpire judging balls and strikes shall be designated the PLATE UMPIRE; the umpire judging base decisions shall be designated BASE UMPIRE. Both shall have equal authority to call a runner out for leaving a base too soon; remove a player, coach or manager from the game for violation of rules; charge penalties for interference or behavioral actions as set forth in these adapted rulings. However, forfeiture decision shall be made in joint consultation.

The Plate Umpire shall take his position back of the catcher; shall have full charge of and be responsible for proper conduct of the game and calling all balls and strikes. He shall by agreement and in cooperation with the Base Umpire; call plays, call hit balls fair or foul and call legal or illegal caught balls. On plays that will necessitate Base Umpire leaving the infield, the Plate Umpire shall assume the duties normally assigned to the Base Umpire. He shall determine and declare whether a batter bunts or chops the ball; whether a fly ball is an infield or and out-field fly. He shall assume all duties when assigned as a single umpire to a game, and may take a position in any part of the field which in his judgment will best enable him to discharge his duties.

UMPIRE'S JUDGMENT: There shall be no appeal from any decision of either umpire on the grounds that he was not correct in his conclusion as to whether a batted ball was fair or foul, a baserunner safe

or out, or a pitched ball is a strike or ball on any play involving accuracy of judgment. And no decision rendered by either umpire shall be reversed except that he be convinced it is in violation of one of these rules. In case the manager or coach of either team does seek a reversal of a decision based solely on a point of rules, the umpire whose decision is in question shall, if in doubt, confer with his associate before taking any action.

UNDER NO CIRCUMSTANCES shall any player or person other than the manager or coach of either team have any legal right to protest on any decision and seek reversal on a claim that is in conflict with these rules. An umpire may request the coach/manager of a team whose spectators are unruly and/or abusive to control such spectators; if such a warning must be repeated more than twice, Umpire may impose penalty against the offending team of a walk when the team is next in defensive position.

Special Rules Governing "OUT Zones" & Runner SAFETY Areas

Safety areas are used in FCRV teen softball games to prevent collisions around home plate that might result in injuries to both runner and defensive player.

The following special rules shall serve as guidelines when setting up the playing field and during the playing of the games.

Note: Base runner advancing beyond 25 foot line (see diagram) is committed and trying to score and may not return to third base.

BASE RUNNER IS OUT: While trying to score a run he has passed the 25 foot line AND:]

- A. Ball is held securely by the catcher in EITHER OUT ZONE before the baserunner crosses safe zone of the 8' circle.
- B. Ball is held securely by any defensive player in the FRONT OUT ZONE ONLY before the baserunner crosses home plate.
- C. He/She runs out of the SAFETY ZONE (except to avoid collision with a defensive player).

BASE RUNNER IS SAFE OR AWARDED HOME IF:

- A. He/She crosses safe zone inside 8' circle before the ball is held securely by the catcher in either out Zone; or by any defensive player in the front out zone.
- B. Any defensive player enters or crosses the safety zone while the baserunner is in the safety zone trying to score.
- C. More than one defensive player is in either out zone while baserunner is in safety zone trying to score.
- D. Any defensive player, other than the catcher is in the BACK OUT ZONE while the baserunner is in the safety zone trying to score.
- E. Any contact is made with the baserunner while he/she is in the safety zone trying to score.

Example Play: Runner is on third and attempts to score on hit to outfield. Catcher takes throw from fielder and tags runner while runner is in safety zone but before runner crosses home plate. RULING:

Runner is safe. Rule E. above states runner is safe if contact is made in safety zone.
 Play: Pitcher joins catcher in back out zone while runner is attempting to score, but leaves before runner reaches safety zone. Catcher has control of the ball when runner enters safety zone. RULING: Runner out as long as catcher is alone in back zone when runner enters safety zone.

DIAGRAM AND DIMENSIONS OF SAFETY & OUT ZONES
